

BESE approved revisions to [Bulletin 1566](#) in October 2017 and January 2018 that support increased LEA flexibility with regard to student promotion. Struggling students must be identified early and receive extensive supports to ensure growth and the ability to stay on track towards graduation while the decision for promotion and retention remain a local decision. Policy Requirements were outlined in the [2017-2018 Promotion Guidance and FAQs](#).
