

The School Choice Program for Certain Students with Exceptionalities (SCP) empowers families of qualifying students with the financial resources to choose the school that will best address their students' needs. The Louisiana Department of Education will conduct a lottery to award student participation, with a priority given to continuing students. **Given the current level of funding, the Louisiana Department of Education is unable to accept applications for new students to the School Choice Program for the 2020-21 school year at this time.**
