

## 2020-2021 Example Year-Round Schedule: Early September Start Date with Increased Building Capacity

### Calendar Notes

This is an example year-round calendar for the 2020-2021 academic year with a focus on increasing building capacity. In this example calendar, students are divided into three groups, with one group always on vacation. There are six terms, consisting of approximately 40 days each, and students attend four out of the six terms during the year. Schools that use the three-track schedule may have to extend the school day to meet Louisiana's minimum instructional time requirement of 63,720 minutes as outlined in RS 17§154.1. This schedule can increase the capacity of the school building by up to 50 percent.

### Legend

- Track 1
- Track 2
- Track 3
- Weekend
- Parent-Teacher Conferences / Professional Development
- Holiday
