Eligibility Criteria
Alt-Assessment Eligibility Criteria

• Alternate Assessments were developed for students for whom there is evidence of a disability or multiple disabilities that significantly impact cognitive functioning and/or adaptive behavior.

• The IEP team determines eligibility.
Alt-Assessment Eligibility Criteria

4 Criteria:

• Criterion #1 – Evidence of a Significant Cognitive Disability or Multiple Disabilities
  • The student’s cognitive and/or adaptive behavior has been assessed and the student is functioning:
    • 3 or more standard deviations below the mean;
    • between 2.3 and 2.9 standard deviations below the mean and has completed fifth grade; or
    • between 2.0 and 2.29 standard deviations below the mean and has completed fifth grade- additional documentation required.

• Criterion #2 – Evidence of Curricular Alignment
• Criterion #3 - Evidence of Instructional Needs
• Criterion #4 – Student Safeguards
The Diploma Pathway
The Diploma Pathway

- A Career Diploma is issued when earned:
  - Meets 4 component requirements in pathway
    - Academic
    - Assessment
    - Workforce - Readiness and Career
    - Transition Services
  - The student should exit when the IEP team thinks it is appropriate (or when the student is no longer age eligible to attend school).
Accountability

• When a student assessed on the alt-assessment achieves a career diploma it is counted as 100 points in the graduation index.

• Points are awarded when:
  • There has been a successful exit:
    • Student met diploma pathway requirements
    • IEP team thinks exit is appropriate and student no longer needs services from the school system

**RATIONALE**

Employability skills are those personal social behaviors and daily living habits that have been identified by employers and young entry-level workers as essential for obtaining employment and for success in the work place. These are life skills that must be taught with the same rigor as basic skills. The development of such skills is a life long process, with performance being relative to a student’s ability and age. Teachers at all age levels have the responsibility to teach employability skills.

**GENERAL DIRECTIONS**

This criterion-referenced checklist may be used yearly, beginning at the age of 14, to assess student’s level of performance in the twenty-four critical employability skill areas identified by Ohio’s Employability Skills Project. Three descriptors are provided for each skill. Student performance should be rated using the following scale: 3 = usually, 2 = sometimes, 1= seldom, 0 = never.

Employability and Life Skills Assessments

- Several different sources for determining employability and life skill levels:
  - **Brigance Transition Skills Inventory**
    - Post-Secondary Education/Training
    - Employment
    - Independent Living
    - Community Participation
Reviewing Needs and Determining Pathways

• Know your student
  • Academic
  • Employability Skills
  • Life Skills

• Identify vocational interests
  • Interviews and questionnaires
  • Observations
  • Vocational assessments

• Identify possible pathways
Interviews and Questionnaires

• Allows the team to determine **needs, preferences and interests** relative to post-school outcomes.

• Information gathered will assist with:
  • Developing post secondary goals
  • Planning a course-of-study
  • Identifying transition services for post-school success

• Resource: transitionta.org (the new NSTTAC.ORG)
  • Best practices
  • Assessments
• Vocational Interests:
  • Interviews

  – **Student Interview:** Mona expressed an interest in working with people. She likes baking cakes with her mom. She loves working outside in the yard so she can visit with the neighbors. But she really does not like when Mr. Wilson’s dog comes around. She’s afraid of his dog.

  – **Parent Interview:** “Mona loves being around people.” Mom confirmed the baking activities with Mona. Dad said Mona helps in the yard but mostly visits. “She really doesn’t stay focused long enough to actually get something done.”
Direct Observations (situational) should be conducted in the following settings:
- Natural school (outside of classroom)
- Employment
- Educational or training (classroom)
- Community

Different observers:
- Job Coach
- Teacher
- Parents
- Student
- Coworkers
Observations

• Observations typically include:
  • Steps in completing a task (sorting mail)
  • Work behaviors (staying on task, following directions)
  • Affective information; is student happy, sad, bored, etc., while at work.

• [Transitionta.org](http://transitionta.org)
• Observations (classroom, cafeteria, commons area, school job)
  • Attention to task is a challenge
  • Very social
  • Works independently 25% of time
  • Needs assistance following directions
  • Gets along well with others
  • Likes her job in the cafeteria assisting the kitchen staff
  • Kitchen staff likes Mona

Guiding Questions: Determining Possible Pathways

- When considering career opportunities for Mona, the Team should consider:
  - What skills are required for this job?
  - What task level must Mona reach to perform the entire job?
    - If not, could we use “Job Carving” to carve out a job for Mona within this vocational area?
- What level of independence must Mona attain to perform this job?
  - If she can’t reach that level, would this industry be willing to allow her to work with the support from personal care attendant?
The team used the following tools to examine each job under Food Service:

- Louisiana Star Jobs
- Requirementstobecome.com
What Does It Take?

Requirementsstobecome.com

Using this website, the following information was gathered about being a **baker**:

- **No formal education required**
- **Ability to communication well with people**
- **Math skills involving fractions, decimals and knowledge of metric system**
- **Creativity, ingenuity and a flair for developing and decorating event-specific bakery items (wedding cakes, birthday cakes, etc.)**
- **Able to stand for extended periods and occasionally lift heavy objects**
- **Mechanical insight involving the operation of large blenders, multi-use stoves and ovens and other bakery equipment**
- **Attention to detail, especially in regards to proper food storage, handling and sanitation procedures**

What About Job Carving?

**Job Carving**: a term for customizing job duties and can be used in different circumstances:

- to create specialist job roles thus freeing up the time of employees
- to swap job duties to make the most of individual skills
Determining an Appropriate Pathway and Experiences
Determining an Appropriate Pathway and Experiences

- Based on Mona’s interviews, questionnaires, observations, and assessments, the team makes the following recommendations:
  - Mona will take classes within the Hospitality, Tourism, Culinary and Retail Jump Start pathway with modifications that will prepare her for a job as a baker.
  - Mona will gain hands-on experiences in school and community.
  - Settings that will prepare her for a job as a baker.
  - A job coach will establish a community site willing to carve out a place in their bakery for Mona to build the necessary skills that will lead to paid employment.
Instructional Experiences
Guiding Questions: Appropriate Pathway

• What knowledge and skills does my student need to successfully enter employment, post-secondary education, adult services, independent living, or community participation?

• What knowledge and skills does my student currently demonstrate in each of these areas?

• What knowledge and skills does my student need to acquire while in high school?
Determining an Appropriate Pathway and Experiences

When determining classes the student will take ALWAYS start with the Jump Start Pathway that aligns with the job!

- **Hospitality, Tourism, Culinary Arts, and Retail Pathway**
- **Hospitality, Tourism, Culinary Arts, and Retail Pathway Act 833**

• Can the student complete either without modification?
  • No. What classes will help Mona increase her skill level?

Hands-On Work Experiences
Hands-on Vocational Experiences

• **Baker**
  • Hands-on vocational training at the following:
    • Local grocery store
    • Bakery
  • 9th
    • On campus work
    • Focus on improving Mona’s independent level of working
    • Focus on building Mona’s skill level
  • 10th
    • On and off campus work
    • Focus on building Mona’s skill level in both locations
  • 11th grade:
    • Add another work site to Mona’s schedule
  • 12th grade:
    • Seek paid employment in one of the above
The End Goal!

Mona leaves with:

- Diploma
- Applied courses that relate to her needs
- Vocational experiences related to her interests
- Life Skills Training
- Paid Employment
- Resume/portfolio with work skills
In Summary - A Common Thread!

Determine the student’s
- Needs
- Interests

Identify the pathway that best fills those needs and interests.
