

Andre bought a stamp to mail a letter. The stamp costs 46 cents. Andre also mailed a package. The postage to mail the package costs 5 times as much as the cost of the stamp. How much did it cost to mail the package and letter?

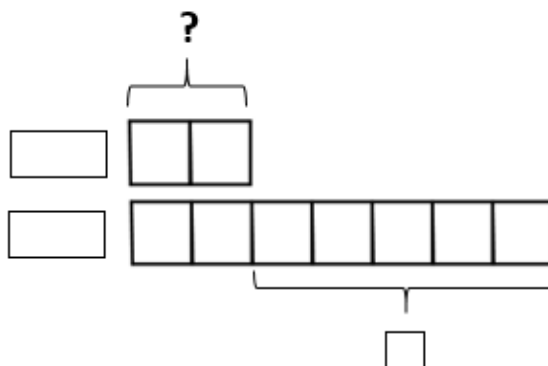

G4 M3 L9

Bridget has \$240. She spent $\frac{3}{5}$ of her money and saved the rest. How much more money did she spend than save?

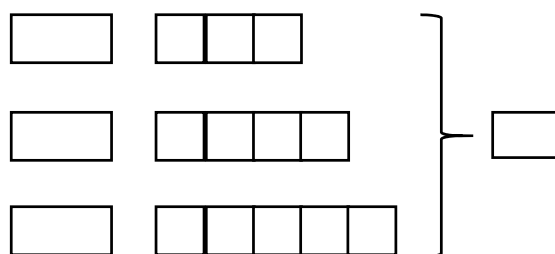

G5 M4 L10

At a country concert, the ratio of the number of boys to the number of girls is 2: 7. If there are 250 more girls than boys, how many boys are at the concert?

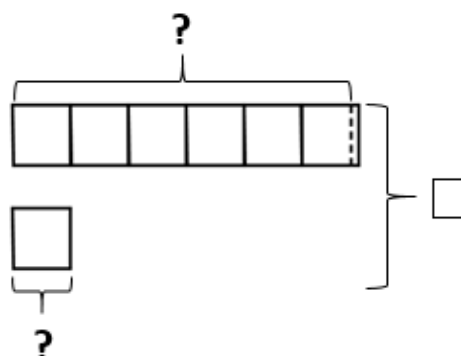

G6 M1 L14

The ratio of the measures of three adjacent angles on a line is 3: 4: 5. Find the measures of the three angles.

G7M2 L10

One angle is one less than six times the measure of another. The two angles are complementary angles. Find the measure of each angle in degrees.
