

The following plan was designed to help middle school educators transition students to the [Louisiana Student Standards for Science \(LSSS\)](#), ensuring a smooth transition from disciplinary specific instruction to the adopted integrated model. The suggested sequence factors in the content of the previous grade level expectations (GLE's).

	2018-2019 (3-8 LEAP 2025 Operational Test)	2019-2020 (3-8 LEAP 2025 Operational Test)
6th Grade	6 th grade LSSS	6 th grade LSSS
7th Grade	7 th grade LSSS	7 th grade LSSS
8th Grade	<p>Instruction fully transitions to 8th grade LSSS with the following *additional standards:</p> <p>Earth and Space Science</p> <p>6-MS-ESS1-1 6-MS-ESS1-2 6-MS-ESS1-3</p> <p>*The additional standards are included to address gaps in student exposure to content. These will not be assessed on the 8th grade LEAP 2025.</p>	8 th grade LSSS
