

# Louisiana Believes

## Louisiana Guide to Implementing IQWST: Grade 6

To assist teachers with the implementation of the sixth Grade IQWST curriculum, this document provides guidance regarding how IQWST modules correlate with the Louisiana Student Standards for Science (LSSS). The IQWST curriculum provides ample instructional guidance for teachers. This Louisiana Guide for Implementing IQWST goes a step further to point out places in which teachers may need to make strategic decisions considering student needs and time availability.

This guidance document is considered a “living” document as we believe that teachers and other educators will find ways to improve the document as they use it. Please send feedback to [classroomsupporttoolbox@la.gov](mailto:classroomsupporttoolbox@la.gov) so that we may use your input when updating this guide.

## Module Design

The IQWST modules use phenomena to drive three-dimensional science instruction. The incorporated phenomena are observable events that occur in the universe and can be explained by science. They establish the purpose for learning and help students to connect their learning to real world experiences and related phenomena. IQWST engage students in the science and engineering practices as they experience, investigate, and explain phenomena while learning core ideas. Students build understanding by connecting ideas across multiple disciplines of science and across middle school grades.

The modules include bundles of performance expectations that are built around an anchor phenomenon. The modules may include performance expectations from previous or future grade levels. These modules are intentionally designed to provide students the opportunity to incrementally make sense of phenomena to build understanding and abilities over time through a coherent storyline. Modification to the sequence or content of lessons within these units could undermine the design, and therefore should be approached with much caution and careful consideration.

## Standards by Module

The modules do not equally emphasize the primary and secondary standards. There is a greater emphasis on the primary standards to support students as they develop an understanding of the anchor phenomenon, the science and engineering practices, disciplinary core ideas, and crosscutting concepts. The modules introduce or revisit secondary standards throughout the modules to deepen students' understanding of the three dimensions, support students' learning over multiple grade levels, and help students' make interdisciplinary connections.

Module	Standards by Module
Can I believe my eyes? (Grade 6, PS1)	6-MS-PS4-1, 6-MS-PS4-2, 6-MS-ESS1-1, 6-MS-ESS1-2, 6-MS-ESS1-3  7-MS-PS1-4, 7-MS-PS3-4, 8-MS-ESS 3-1
Where have all the creatures gone? (Grade 6, LS1)	6-MS-LS2-1, 6-MS-LS2-2, 6-MS-LS2-3, 6-MS-ESS3-4  7-MS-LS1-6, 7-MS-LS1-7, 7-MS-LS2-4, 7-MS-LS2-5, 8-MS-LS4-2, 8-MS-ESS3-3, 8-MS-LS1-4, 8-MS-LS1-5
How will it move? (Grade 6, PS3)	6-MS-PS2-1, 6-MS-PS2-2, 6-MS-PS2-3, 6-MS-PS2-4, 6-MS-PS2-5, 6-MS-PS3-1, 6-MS-PS3-2, 6-MS-ESS1-2  8-MS-PS3-5

Standards 6-MS-LS1-1, 6-MS-LS1-2 and 6-MS-PS1-1 are partially addressed throughout the Grade 6 IQWST Modules. These performance expectations can be addressed by incorporating the [Grade 6 Louisiana Sample Scope and Sequence](#) as needed.

### Alignment to EAGLE 2.0

The EAGLE 2.0 online tool supports formative assessment in the classroom and can be used in conjunction with IQWST’s assessment guidance to enhance teaching and learning. [A Teacher’s Guide to LEAP 360](#) provides an overview of the online tool and information on how to access the science EAGLE assessment items. The assessment items that are included below can be used immediately following a unit of study to help measure student progress.

Module	Eagle Discrete Items	EAGLE Item Sets and Practice Test Items
Can I believe my eyes? (Grade 6, PS1)	Trials (6-MS-PS4-1) Moons (6-MS-ESS1-1) Midnight_Sun (6-MS-ESS1-1) Spitzer (6-MS-ESS1-2) Dwarf Planets (6-MS-ESS1-3)	Ocean Waves (6-MS-PS4-1) Asteroids in the Solar System (6-MS-ESS1-2, 6-MS-ESS1-3)
Where have all the creatures gone? (Grade 6, LS1)	Gr6 Red Snapper (6-MS-ESS3-4)	Deer (6-MS-LS2-1) Anasazi and the Great Drought (6-MS-LS2-1, 6-MS-LS2-2)
How will it move? (Grade 6, PS3)	Satellite (6-MS-PS2-1) Soccer Ball (6-MS-PS2-2) Electric Motor (6-MS-PS2-3) Gr6 Moons (6-MS-PS2-4) Popcorn (6-MS-PS2-5) Mass Energy (6-MS-PS3-1)	Marbles (6-MS-PS3-1, 6-MS-PS3-2) Changes in the Earth's Magnetic Field (6-MS-PS2-3, 6-MS-PS2-5) Bowling (6-MS-PS3-1, 6-MS-PS2-2)
Additional Standards	Gr6 Minerals (6-MS-LS1-1) Models (6-MS-PS1-1)	Organelles (6-MS-LS1-1, 6-MS-LS1-2)

## IQWST Materials: Access and Purchasing Information

### **Purchasing Information**

Activate Learning offers IQWST as a [Tier 1](#) science curriculum for grades 6-8. Print materials and kits are available for purchase. The [Activate Learning, IQWST, Price List](#) provides an overview of the materials and kits available through the Department's [Instructional Materials Contract Pricing](#).

### **Professional Development Services**

IQWST professional development sessions invite teachers to rethink previous practices, construct new outcomes, and teach in new ways they may not have taught before as classroom discourse and pushing student thinking take center stage. For information about IQWST professional development services, review the [PD Vendor Guide](#).
