## Louisiana Guide to Implementing IQWST: Grade 8

To assist teachers with the implementation of the eighth Grade IQWST curriculum, this document provides guidance regarding how IQWST modules correlate with the Louisiana Student Standards for Science (LSSS). The IQWST curriculum provides ample instructional guidance for teachers. This Louisiana Guide for Implementing IQWST goes a step further to point out places in which teachers may need to make strategic decisions considering student needs and time availability.

This guidance document is considered a “living” document as we believe that teachers and other educators will find ways to improve the document as they use it. Please send feedback to [classroomsupporttoolbox@la.gov](mailto:classroomsupporttoolbox@la.gov) so that we may use your input when updating this guide.

## Module Design

The IQWST modules use phenomena to drive three-dimensional science instruction. The incorporated phenomena are observable events that occur in the universe and can be explained by science. They establish the purpose for learning and help students to connect their learning to real world experiences and related phenomena. IQWST engage students in the science and engineering practices as they experience, investigate, and explain phenomena while learning core ideas. Students build understanding by connecting ideas across multiple disciplines of science and across middle school grades.

The modules include bundles of performance expectations that are built around an anchor phenomenon. The modules may include performance expectations from previous or future grade levels. These modules are intentionally designed to provide students the opportunity to incrementally make sense of phenomena to build understanding and abilities over time through a coherent storyline. Modification to the sequence or content of lessons within these units could undermine the design, and therefore is not recommended and should be approached with much caution and careful consideration.

### Alignment to EAGLE Sample Assessment Items

EAGLE is a bank of assessment items created by Louisiana educators to support formative assessment in the classroom and appear on the [K-12 Science Planning Page](#). These items may be used in conjunction with guidance from the high-quality curriculum as opportunities for students to demonstrate what they have learned.

Module	Eagle Discrete Items	EAGLE Item Sets and Practice Test Items
How can I make new stuff from old stuff? (Grade 8, IC2)	Marbles (8-MS-PS1-1) Mixing Liquids (8-MS-PS1-3)	Nitinol (8-MS-PS1-1, 8-MS-PS1-3)
Why do some things stop while others keep going? (Grade 8, PS2)	Potato Experiment (8-MS-PS3-3) Sailboat (8-MS-PS3-5)	Solar Cooker (8-MS-PS3-3, 8-MS-PS3-5)
How is the Earth changing? (Grade 8, ES3)	Fossils (8-MS-ESS1-4) South America (8-MS-ESS2-1) Mushroom Rock (8-MS-ESS2-2) Pangaea (8-MS-ESS2-3) Petroleum (8-MS-ESS3-1) Cascadia (8-MS-ESS3-2) Pollutants (8-MS-ESS3-3) Geo_Time_Scale (8-MS-LS4-1)	North Carolina Landslides (8-MS-ESS2-2, 8-MS-ESS3-2) Tsunamis & the Louisiana Coast (8-MS-ESS2-1, 8-MS-ESS3-2) Opal (8-MS-ESS3-1, 8-MS-ESS3-3) Tornadoes (8-MS-ESS3-2)

## **IQWST Materials: Purchasing and Professional Development Information**

### **Purchasing Information**

Activate Learning offers IQWST as a [Tier 1](#) science curriculum for grades 6-8. Print materials and kits are available for purchase. The [Activate Learning, IQWST, Price List](#) provides an overview of the materials and kits available through the Department's [Instructional Materials Contract Pricing](#).

### **Professional Development Services**

IQWST professional development sessions invite teachers to rethink previous practices, construct new outcomes, and teach in new ways they may not have taught before as classroom discourse and pushing student thinking take center stage. For information about IQWST professional development services, review the [PD Vendor Guide](#).

### **IQWST Remote Learning Resources**

The [Remote Learning Lesson Plan Overview](#) contains information about Remote Learning Lesson Plans (RLLPs) including:

- link to [Louisiana Specific Website](#)
- remote adaptation design considerations
- preparation protocols for teachers
- suggestions for supporting students
- links to additional IQWST resources and support

For questions about this or other IQWST resources, contact [support@activatelearning.com](mailto:support@activatelearning.com).
