

inquiryHub Biology is a high school pilot program for freely available high-quality science instructional materials. To support school systems, schools, and teachers in ensuring continuous engagement with high-quality science curriculum in remote and hybrid school settings, the Department is releasing guidance for inquiryHub Biology on a [rolling schedule](#).

Each support document includes:

- links to remote learning resources
- lesson set overviews
- detailed lesson-by-lesson guidance
- printable lesson documents

A recorded [webinar](#) and [slide deck](#) are available to walk teachers through these resources.
