

**Planning Guide for Science Instruction
 Implementation Resources**

To assist teachers, schools, and systems with using the [Planning Guide for Science Instruction](#) to unpack [high-quality science instructional materials](#), the Department has published the following training and support resources. These materials were adapted from professional learning sessions originally delivered at the 2021 Teacher Leader Summit; educators may choose to explore these materials at their own pace or collaboratively with colleagues during professional learning time.

Slide Deck	Planning Guide Step(s) Addressed	Additional Resources
Unit Launch Deep Dive	Step 1: Unit Unpacking Step 2: Unit Launch Deep Dive	<ul style="list-style-type: none"> • K-12 Louisiana Student Standards for Science, Appendix A — Learning Progressions • Sample Annotated Unit Overview • Sample Annotated Unit Storyline • Sample Annotated Lesson 1
Finding and Using Assessment Moments in Science Instruction	Step 3: Lesson Set Annotation	<ul style="list-style-type: none"> • Sample Annotated Lesson 2 • Sample Critical Task
