BULLYING PREVENTION & INTERVENTION RESOURCES

Professional Development and Training Resources on Bullying

Creating a Safe and Respectful Environment in Our Nation's Classroom the US Department of Education Safe and Supportive Schools Technical Assistance Center developed this research-based training toolkit to give teachers practical steps to take to respond to bullying. The skills include how to deescalate a situation, find out what happened, and support all of the students involved. The training also shows the importance of building strong relationships in the classroom, as well as creating an environment respectful of diversity, in order to prevent bullying. <http://safesupportiveschools.ed.gov/index.php?id=1480>

Bullying Prevention Training Module and Community Action Toolkit

The Health Resources and Services Administration of the US Department of Health and Human Services developed this training module and Community Action Toolkit to help local leaders become more effective in addressing bullying in their communities. Materials include a training Module in PowerPoint and Printable Notes. <http://www.stopbullying.gov/blog/?p=174>

Bullying Prevention Professional Development for School Bus Drivers

US Department of Education Safe and Supportive Schools Technical Assistance Center provided these online materials for training school bus drivers how to recognize bullying behaviors among students on their buses and how to deal with bullying effectively. Materials include handouts and PowerPoint presentation. <http://safesupportiveschools.ed.gov/index.php?id=9&eid=436>

Bullying Prevention Webinar: This session focuses on strategies for preventing bullying with an emphasis on overall school climate to minimize bullying behavior. In addition, participants explore practical approaches for recognizing the signs of potential bullying on-set, risk analysis, support and interventions when such behavior does occur. Best practice guidelines for a comprehensive approach to addressing this issue are also explored. This Webinar is most appropriate for school administrators, professional and certified staff, guidance counselors, school climate team and social workers. <http://safesupportiveschools.ed.gov/index.php?id=9&eid=16>
